Market Lane Mural

## MURALS

If your feed focuses on the bright, the vibrant and the outdoors, you won't want to miss a stop at the **Market Lane Murals** in the downtown core. Painted as a part of the theme 'Forest City Playground', Market Lane is now home to four stunning works of art by three talented artists who have sparked important conversations, challenged thoughts and encouraged viewers to slow down and admire the surroundings. Want to encourage conversation on your feed? Mark this as a stop in your Forest City itinerary.

Also painted as a part of the 'Forest City Playground' theme, **Hamilton Road's Neighbourhood Laundromat Café Mural** showcases an art piece as bold and vibrant as the neighbourhood it's in. The message of "Explore the Forest" hopes to motivate people to become tourists in London, to explore new and unfamiliar areas or appreciate a bit more of what's in their own backyard. While you're there, check out the interactive angel wings on the opposing side of the building and grab a snack from inside the café to complete the post.

London's Old East Village is home to some of the city's most stunning murals. From hand painted pieces a part of the BIA's Main Street Mural Program, to stunning mosaics made up of thousands of brightly coloured ceramic pieces (organized and facilitated by **Clayworx: Ceramics Arts Learning Centre**), these large-scale, longstanding works of art will represent the OEV for years to come.

# TAKE ME OUT TO THE BALL GAME

*With a history dating back to 1877, Labatt Park has the distinct honour of being the world's oldest continually operating baseball grounds as per Guinness World Records.*

**N**ESTLED IN THE HEART OF DOWNTOWN LONDON, and with epic views of the city's skyline, this 5,200-person capacity stadium has also been named "Canada's Favourite Ballpark" by Baseball Canada.

In 145 years of operations, Labatt Park has amassed an incredible history with some of baseball's most legendary players visiting the park. Fans may recognize iconic names such as

Ty Cobb, Honus Wagner, Sachel Paige and Fergie Jenkins, who even played for London after retiring from Major League Baseball. At a time when baseball was still segregated, Labatt Park welcomed players from all genders and backgrounds including some of the top African American and women's teams in North America. And from 1989-1993, London was home to the Detroit Tigers minor league affiliated team, the London Tigers, who also played their games at Labatt Park.

In July 2021, the City of London began offering guided tours at Labatt Park to learn more about the rich history and the important impact the park has had on London community and the game of baseball. As part of these tours, guests can wander onto the outfield to play a game of catch, get a view of the park from the dugout and step inside the original 1940's clubhouse which is still used today. Baseball enthusiasts will be amazed by the incredible stories and unique artifacts on display noting important moments in time in London's rich baseball history.

Baseball is still being played annual at the park by the London Majors who, in 2021, won their first Intercounty Baseball League (IBL) championship in 50 years!
