INDIGENOUS TOURISM: EXPLORING THE LAND & HONOURING TRADITIONS

What is now known as the city of London was founded in 1826, however the London region has been inhabited for over 10,000 years.

London is situated on the traditional lands of the Anishinaabek, Haudenosaunee, Lūnaapéewak and Attawandaron. The three Indigenous Nations neighbouring the city are the Chippewas of the Thames First Nation, Oneida Nation of the Thames and the Munsee-Delaware Nation who all continue to live as sovereign Nations with individual and unique languages, cultures and customs.

Want to learn more about the indigenous history of the area and admire First Nations art? We’ve compiled a few of London’s top Indigenous tourism offerings for you to enjoy.

A gift shop showcases local First Nations crafts, while the surrounding 155 acres of Carolinian forests offer 10 kilometers of accessible hiking trails, wetland boardwalks and pavilion and picnic areas. The museum also provides a space for birdwatching and wildlife observation.

The Museum of Ontario Archaeology offers a rich exploration of Indigenous heritage and culture through its displays. The museum delves into Southwestern Ontario’s human history spanning 13,000 years. Explore permanent, traveling and virtual exhibitions and visit the Quill Box Gift Shop for local First Nations art, books, clothing and souvenirs. Don’t miss the Lawson site, the original footprint of a First Nations village from 500 years ago, once home to 2,000 people year-round. With programs and tours suitable for all ages, the museum makes learning about archaeology an engaging experience for everyone.

Knowledge Sharing Through the Arts

Tourism London’s Welcome Centre at 696 Wellington Road offers up a unique setting for an Indigenous Art Gallery by local artists including Annette Sullivan, Brenda Collins, Chandra Nolan, Mike Cywink, Oscar Marroquin-Ponce, Renee Jewell and Steve Maracle.

Their artwork represents various themes that speak to Indigenous worldviews and experiences and are created from diverse materials including textiles, beadwork, cedar, porcupine quills, birch bark, acrylic and glass.

There are also two mosaic murals installed on the south exterior wall that feature a Medicine Wheel and Two Row Wampum to signify the ongoing and historical relationship of the local First Nations communities to each other and to the surrounding communities. The murals help to situate visitors to the city and locals alike to the traditional territory of the Indigenous peoples.

Museums and Exhibits

P ERSEVERING FROM D-DAY ON
June 6, 1944, through the end of the Second World War in Europe on May 8, 1945, the tank stands as a testament to the courage of those who fought.

During the war, the 1st Hussars endured immense hardships, with 346 tanks and 207 soldiers lost. Many others suffered injuries, both physical and emotional. The Holy Roller, rescued from the scrapyard, was returned to its home station in London, Ontario. Presented to the City of London in 1949, it became a memorial in Victoria Park, honoring the regiment’s veterans.

However, time took its toll, and by 2018, the Holy Roller was in serious need of repair. Through a global campaign, support poured in and dedicated volunteers took on the restoration. In May 2022, fully refurbished, the tank was returned to Victoria Park just in time for the 150th anniversary of the 1st Hussars Regiment.

As we approach the 80th anniversary of D-Day in 2024, the Holy Roller stands as a reminder of the sacrifices made. On June 2, 2024, the 1st Hussars will parade to the memorial, honoring their veterans with a service of thanks. It’s a chance to pay tribute to those who served, ensuring their legacy lives on.

A two penny (tuppence) piece from 1797 found in the Holy Roller during the preservation process.

To learn more about the Holy Roller and the 1st Hussars, visit the memorial or check out www.holyrollermemorial.ca

CELEBRATING BIG MILESTONES:
SUNFEST AND ROCK THE PARK

This summer, music lovers can expect to let loose like never before, as Forest City staples Sunfest and Rock the Park celebrate some big milestones in 2024.

FOUNDED BY VISIONARY ALFREDO CAXAJ

Three decades ago, Sunfest presented by TD Ready Commitment has continued to attract locals and visitors alike through the gates at Victoria Park with the promise of positivity, unity and diversity. Once again filling London’s downtown core with world-class sights and sounds, not to mention a stunning array of vendors and tasty treats, July 4-7 will ring in the festival’s 30th year – this time welcoming what will no doubt be another stellar line-up of nationally and internationally recognized and revered acts, showcasing the very best world music has to offer.

Meanwhile, July 10-13 will see Harris Park come alive with four nights of top-notch performances thanks to Jones Entertainment Group’s 20th year of their flagship festival, RBC Rock the Park. Initially created to raise funds for Bethany’s Hope Foundation in progressing research for Metachromatic Leukodystrophy (with the first twelve years of the festival raising over $2.2 million dollars in hopes of finally finding a cure), Rock the Park has brought some of the world’s largest acts to London, Ontario. After the Foundation shifted gears to fully concentrate their efforts on a national awareness and family support campaign, the event turned to supporting other causes close to their hearts, including Big Brothers Big Sisters of London & Area, the Children’s Health Foundation and Make-A-Wish Southwestern Ontario, bringing in close to $4 million. To date, Rock the Park has welcomed over 675,000 music fans through its gates, with those numbers no doubt set to climb even higher thanks to headliners Nickelback, Tyler Childers, NAS and Neil Young set to hit the stage in 2024.

In late 2023, it was announced Sunfest founder Alfredo Caxaj was to be appointed as a Member to the Order of Canada, one of the country’s highest civilian honours in acknowledgment of his remarkable contributions to the arts, as well as his tireless efforts in promoting diversity, inclusion and multiculturalism in Canada — specifically in London, Ontario.

NOTABLE ROCK THE PARK HEADLINERS BY YEAR:

Alice Cooper (2004 & 2010)
ZZ Top (2005)

They say breakfast is the most important meal of the day, so why not make it the tastiest too? Whether you’re looking for a classic greasy spoon diner or an upscale spot with a killer mimosa, London has something for those who may not be early risers but still enjoy a hearty brunch.

**The Early Bird** is hands down one of the most Instagrammable restaurants in the city. We recommend the iconic ‘Fat Elvis’, a stack of thick cut French toast filled with fried bananas, peanut butter, bacon, syrup and honey.

**Craft Farmacy** is the definition of upscale casual and offers brunch on Sundays from 11:00 a.m. - 2:00 p.m. They’re rustic and refined while remaining cool and comfortable. Every dish is elevated with farm to table ingredients and presented beautifully. Grabbing one of their classic mimosas is a non-negotiable, trust us.

Overlooking the main runway of the London International Airport, the **Katana Kafé** uniquely combines the romance of aviation with fabulous food! You can arrive by ‘roadway’ or ‘runway’ and enjoy a delicious weekend breakfast while daydreaming of your next destination!

**The Bag Lady Variety** is such a special place with a wild, colourful interior filled with vintage collectibles that remind you of days gone by. Their breakfast menu is equally unique and features everything from freshly baked cinnamon rolls to the Bag Daddy’s Big Stack which is two slices of sourdough French toast filled with spinach, scrambled eggs, Swiss cheese, honey ham, maple bacon, tomato and avocado then topped with their house made hollandaise sauce.
The generous portions and friendly service at The Singing Chef are reason enough to visit, but their special features are what sets them apart. Everything from massive stacks of Churro French Toast to deliciously sweet peanut butter cup pancakes are a small taste of what you can expect.

Billy’s Deli is a family owned and operated breakfast spot that has been serving downtown London for over 30 years. Specializing in the breakfast classics that we’ve all come to know and love; Billy’s has a cozy atmosphere that feels like home. Although the portion sizes are large, we recommend saving room for dessert because their homemade pies are fantastic.

Edgar and Joe’s Café is a bright, beautiful, open space that was created as a social purpose enterprise by Goodwill Industries. They make their food affordable and approachable for everyone without sacrificing farm to table quality. They use locally sourced ingredients wherever possible and have a wide variety of, from scratch, healthy options that are impossible not to love.

Campus Hi Fi is a Western University themed breakfast joint that has been serving downtown London since the 1950’s. They’re one of the few fixtures in the city that have survived the constant updates and changes on Richmond Row. The ‘All American’ is a menu standout that features two English muffins filled with sausage patties, scrambled eggs, American cheese and two hash browns.

With a mission to bring you the freshest, highest-quality ingredients, Fresh Healthy Café ensures that every dish not only tastes phenomenal but also nourishes your body and soul. Whether you’re in the mood for a freshly squeezed juice, a luscious smoothie, a gourmet panini, a refreshing salad or even a hearty bowl, they have thoughtful options for your every craving.

A unique addition to this list of best brunches is The Armouries Grille. Located inside the iconic Delta Hotels by Marriott London Armouries in downtown London, this buffet style brunch has been voted London’s Best Sunday Brunch for six years in a row. Discover it for yourself with an eggs benedict bar, omelet station, live entertainment and so much more.

DID YOU KNOW...

that John Kinder Labatt first started brewing beer in London, Ontario back in 1847?

For over 170 years, Labatt has been brewing excellence and laying the foundation for London’s love for a cold pint.

You’ll want to visit all the beloved, locally owned small-batch breweries and distilleries dedicated to making exceptional craft beer and cocktails in London.

Start in London’s Old East Village (OEV) at Anderson Craft Ales. Focused on small-batch, hand-crafted premium hop-based ales, you can visit their taproom or take cans, kegs and growlers to go.

While in the neighbourhood, stop by London Brewing. Known as only one of two certified organic craft breweries in Ontario, and the first Craft Malt Certified brewery in Canada, they seek to create great beer and have a positive impact on the community.

During your time in OEV, you’ll need to stop into the newly revitalized Kellogg’s Factory, 100 Kellogg Lane. There you’ll find Powerhouse Brewing Company and the brand-new Beer Kitchen. Brewing five core brands as well as local collaborations and seasonal brews, there’s always something new to try or take home at Powerhouse. Added in 2024, the Beer Kitchen is Ontario’s largest tank to glass experience. With a unique take on a traditional German beer garden, the new addition to 100 Kellogg Lane features incredible brews, delicious bites (the pretzels are a must) and fun vendors and events all within a unique space that transports you outdoors for that true garden feel.

MAKING MEMORIES: MURALS YOU DON’T WANT TO MISS

You know you’ve had a great trip when you can’t stop looking back at the photos taken and reminiscing about memories made. You feel compelled to share everything on social media and tell everyone about it.

As a UNESCO City of Music, London has a special musical heartbeat that can be found all throughout the city. The UNESCO City of Music murals serve as colourful greetings to those arriving or departing the London VIA Rail station, the London International Airport and RBC Place London. Whether you’re travelling, are attending an exciting gathering or simply passing by, capture a moment with these murals and showcase London’s musical identity in your next IG story!

Capturing an iconic moment in London’s music history, Johnny & June is a breathtaking three-story mural located on the north side of Budweiser Gardens. On February 22, 1968, Johnny Cash proposed to June Carter at the London Gardens, creating a timeless link to London, Ontario. Renowned artist Kevin Ledo brings his signature splash of colour to the “Man in Black,” immortalizing a larger-than-life moment into something equally unforgettable.
If your feed focuses on the bright, the vibrant and the outdoors, you won’t want to miss a stop at the Market Lane Murals in the downtown core. Painted as part of the theme “Forest City Playground,” Market Lane is home to four stunning works of art by three talented artists all incorporating the theme in their own, distinct way.

Also a part of the “Forest City Playground” theme, Hamilton Road’s Neighbourhood Laundromat Café Mural showcases an art piece as bold and lively as the neighbourhood it’s in. The message of “Explore the Forest” motivates people to explore new and different areas of London. While you’re there, check out the interactive angel wings on the opposing side of the building and grab a snack from inside the café to perfect your post.

London’s Old East Village (OEV) is home to some of the city’s most stunning murals. The OEV Main Street Mural Program features five unique displays made by five teams of artists, each with their own distinctive style.

Clayworx: Ceramics Arts Learning Centre has also done their part in beautifying OEV by facilitating gorgeous mosaics. Made up of three large panels, Hope, Love and Belonging uses 12,000 handmade tiles to depict the Thames River and blossoming Ontario wildflowers. Other displays like the Gateway Mosaics, Wayfinding Mosaics and Canada 150 Mosaic similarly bring together thousands of meticulously crafted tiles into cohesive and intricate designs that transform Dundas Street into an outdoor gallery that’s worthy of a post on your social channels.

London’s unique blend of history, culture and natural beauty makes it an exciting getaway destination. First time visiting? We’ve got you covered with must-see attractions that you won’t want to miss. Whether you’re looking to be immersed in the diverse music and arts scene, taste its delicious restaurant fare or simply unwind amidst its picturesque landscapes, London promises an unforgettable adventure!

The world-class entertainment complex, 100 Kellogg Lane, should be number one on the list of any first-time visitors. It’s everything you could ever want under one roof, including Canada’s biggest indoor adventure park, The Factory, which features a trampoline park, an arcade game centre, virtual reality rooms and a kids’ soft playground – not to mention the world’s largest indoor ropes course! Also home to a rich selection of on-site food and drink establishments, there’s still fun to be had after you’ve worn yourself out from all the excitement. This just scratches the surface of everything 100 Kellogg Lane has to offer; keep an eye out for Canada’s first Hard Rock Hotel opening here in 2025!

Did you know that London is Canada’s first and only UNESCO City of Music? Awarded the designation in 2021, London is now connected to the largest cultural network in the world. If you’re a music lover, this is the place for you! A visit to London should include exploring the incredible selection of vinyl at local record shops, seeking live musicians serenading on the city’s most popular patios and attending a concert at major venues like Budweiser Gardens and London Music Hall.

London has a vibrant arts and culture community waiting to be discovered. Museum London is the best place to start your exploration. Located on the forks of the Thames River, it’s home to regional historical artifacts detailing a fascinating record of London’s achievements and an expansive art collection of both regional and Canadian works. With admission by donation, it’s the perfect setting for inspiration.
Experience

London gets its nickname of the Forest City from its more than 4 million trees, close to 500 parks and over 330kms of walking and biking trails. A local favourite is the Thames Valley Parkway. Situated on park lands along the Thames River, the Thames Valley Parkway is the city’s primary multi-use recreational trail. The 45km paved path offers scenic river crossings and beautiful views. Stop in at the Bicycle Café (located right at the forks of the Thames River) for a coffee and treat along the way! With so much to see and do, London is a must-visit destination.

Getting here is easy by planes, trains and automobiles with the London International Airport, easy 401 access and a VIA Rail Canada station located in the downtown core that’s surrounded by many attractions within walking distance. With so much to see and do, London is a must-visit destination. So what are you waiting for?!

London Brewing

Enjoy the tastes and subtleties of the local craft beer and distillery phenomenon, beloved in the Forest City. Experience our well-known brewers like Labatt, local distilleries like Union Ten Distilling Co. or visit nearby wineries just outside of London. If you love a cold brew on a hot day, the atmosphere at London Brewing is unmatched. With options on tap and in a can (to stay or to go), this local, cooperative brewery is a lively joint with backyard games in the summertime, trivia nights, live music throughout the year and so much more! One sip and your taste buds will be thanking you.

While exploring the green space, listen to a playlist from the London Music Office’s Spotify channel that highlights local artists across multiple genres.
