LAND ACKNOWLEDGEMENT

WE ACKNOWLEDGE THAT WE ARE gathered today on the traditional lands of the Anishinaabek (Auh-nish-in-ah-bek), Haudenosaunee (Ho-den-no-show-nee), Lūnaapéewak (Len-ah-pay-wuk) and Attawandaron (Add-a-won-da-run).

We acknowledge all the treaties that are specific to this area: the Two Row Wampum Belt Treaty of the Haudenosaunee Confederacy/Silver Covenant Chain; the Beaver Hunting Grounds of the Haudenosaunee NANFAN Treaty of 1701; the McKee Treaty of 1790, the London Township Treaty of 1796, the Huron Tract Treaty of 1827, with the Anishinaabeg and the Dish with One Spoon Covenant Wampum of the Anishinaabek and Haudenosaunee.

This land continues to be home to diverse Indigenous people (First Nations, Métis and Inuit) whom we recognize as contemporary stewards of the land and vital contributors to society. We hold all that is in the natural world in our highest esteem and give honor to the wonderment of all things within Creation. We bring our minds together as one to share good words, thoughts, feelings and sincerely send them out to each other and to all parts of creation. We are grateful for the natural gifts in our world, and we encourage everyone to be faithful to the natural laws of Creation.

The three Indigenous Nations that are neighbours to London are the Chippewas of the Thames First Nation, Oneida Nation of the Thames and the Munsee-Delaware Nation who all continue to live as sovereign Nations with individual and unique languages, cultures and customs.

This Land Acknowledgement is a first step towards reconciliation. Awareness means nothing without action. It is important that everyone takes the necessary steps towards decolonizing practices. We encourage everyone to be informed about the traditional lands, Treaties, history and cultures of the Indigenous people local to their region.

INDIGENOUS HERITAGE: EXPLORING THE LAND & HONOURING TRADITIONS

Want to learn more about the Indigenous history of the area and admire First Nations art? We've compiled a few of London's top Indigenous heritage offerings for you to enjoy.

KNOWLEDGE SHARING THROUGH THE ARTS

Tourism London's Welcome Centre at 696 Wellington Road offers up a unique setting for an Indigenous Art Gallery with work by local artists including Annette Sullivan, Brenda Collins, Chandra Nolan, Mike Cywink, Oscar Marroquin-Ponce, Renee Jewell and Steve Maracle.

Their artwork represents various themes that speak to Indigenous worldviews and experiences and are created from diverse materials including textiles, beadwork, cedar, porcupine quills, birch bark, acrylic and glass.

There are also two mosaic murals installed on the south exterior wall that signify the ongoing and historical relationship of the local First Nations communities to each other and to the surrounding communities. The murals help to situate visitors to the city and locals alike to the traditional territory of the Indigenous peoples.

INDIGENOUS MURALS AT THE EAST LIONS COMMUNITY CENTRE

The mural **Firekeeper**, created by Ojibwe educator and visual artist Mike Cywink, adorns the exterior-facing windows near the entrance of the East Lions Community Centre. It's the first in a series of stained glass-style murals across the city, developed through the Songlines Project.

Inside the centre, **Way of Life - Bimaadziwin - Tsi' niyóht tsi iyúnhe'**, by Anishinaabe educator and visual artist Nancy Deleary, surrounds the fireplace and is the first artistic interpretation of a Wampum Belt in London.

The Holy Roller

The **Holy Roller** is a powerful symbol of bravery and sacrifice. Persevering from D-Day on June 6, 1944, through the end of the Second World War in Europe on May 8, 1945, this tank stands as a testament to the courage of those who served.

The 1st Hussars Regiment, a storied regiment based in London and Sarnia, endured immense hardships during the war, with 346 tanks and 207 soldiers lost. The Holy Roller, rescued from the scrapyard, was returned to its home station in London, Ontario. Presented to the City of London in 1949, it became a memorial in Victoria Park, honoring the regiment's veterans. After years of deterioration, in 2018, a global campaign helped fund its restoration and in May 2022, it was returned to the park just in time for the 150th anniversary of the 1st Hussars.

Try Toboggan Brewing Co.'s Holy Roller Lager, with a portion of proceeds going to the Holy Roller Memorial Preservation Project. Available at local LCBOs and on tap at select London establishments.

With an extensive collection, **Museum London** is the perfect stop for the art enthusiast. Located in downtown London, the museum features over 5,000 regional and Canadian artworks and more than 45,000 artifacts. Fanshawe Pioneer Village

Now housed in 100 Kellogg Lane, this 36,000 sq ft museum offers a variety of hands-on exhibits that engage children in history, culture, science and more. From digging for dinosaur bones and discovering the stars in a digital planetarium, to experimenting with water physics and learning local history, it's truly a museum founded on fun.

WITH SILKSCREEN POSTER art collaging the walls and towering stacks of

pancakes, **The Early Bird** is hands down one of the most Instagrammable restaurants in the city. We recommend the iconic 'Fat Elvis', a stack of thick cut French toast filled with fried bananas, peanut butter, bacon, syrup and honey.

Craft Farmacy is the definition of upscale casual and offers brunch on Sundays from 11:00 a.m. - 2:00 p.m. They're rustic and refined while remaining cool and comfortable. Every dish is elevated with farm to table ingredients and presented beautifully. Grabbing one of their classic mimosas is a non-negotiable, trust us.

Overlooking the main runway of the London International Airport, the **Katana Kafé** uniquely combines the romance of aviation with fabulous food! You can arrive by 'roadway' or 'runway' and enjoy a delicious weekend breakfast while daydreaming of your next destination!

The Bag Lady Variety serves up "bag-nificent" breakfast in a colourful vintage variety store filled with quirky collectibles that remind you of days gone by. Their breakfast menu is equally unique and features everything from freshly baked cinnamon rolls and crispy paninis to toasted bagels topped with eggs, tomato, bacon and baby spinach. Don't pass up the Bag Lady Poutine, which stars their house made hollandaise sauce.

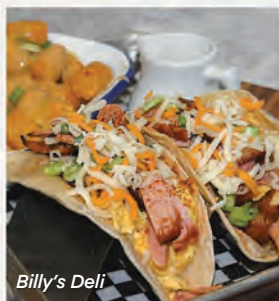

The Cappa

The generous portions and friendly service at **The Singing Chef** are reason enough to visit, but their special features are what sets them apart. Everything from massive stacks of Churro French Toast to deliciously sweet peanut butter cup pancakes are a small taste of what you can expect.

Billy's Deli is a family owned/operated breakfast spot that has been serving downtown London for over 30 years. Specializing in the breakfast classics that we've all come to know and love, Billy's has a cozy atmosphere that feels like home. Although the portion sizes are large, we recommend saving room for dessert because their homemade pies are fantastic.

Edgar and Joe's Café is a bright, beautiful, open space that was created as a social purpose enterprise by Goodwill Industries. They make their food affordable and approachable for everyone without sacrificing farm to table quality. They use locally sourced ingredients wherever possible and have a wide variety of from-scratch healthy options that are impossible not to love.

Craft Farmacy

With a mission to bring you the freshest, highest-quality ingredients, **The Green Earth Café** ensures that every dish not only tastes phenomenal but also nourishes your body and soul. Whether you're in the mood for a freshly squeezed juice, a luscious smoothie, a gourmet panini, a refreshing salad or even a hearty bowl, they have thoughtful options for your every craving.

The Cappa is a new addition to this list, with an oasis of breakfast options that have earned them the 2025 Consumer Choice Award for Best Breakfast Spot in London. Their unique Turkish-inspired brunch experience includes Mediterranean dishes like omelettes, simit sandwiches and gozleme and traditionally prepared teas and coffee. With a selection of heavenly desserts and pastries to top it off, The Cappa is a must-visit unique brunch experience.

Edgar and Joe's Café

A unique addition to this list of best brunches is **The Armouries Grille**. Located inside the iconic Delta Hotels by Marriott London Armouries in downtown London, this buffet style brunch was voted London's Best Sunday Brunch for six years in a row. DID YOU KNOW...

that John Kinder Labatt first started brewing beer in London, Ontario back in 1847?

For over 170 years, Labatt has been brewing excellence and laying the foundation for London's love for a cold pint.

You'll want to visit all the beloved, locally owned small-batch breweries and distilleries dedicated to making exceptional craft beer and cocktails in London.

Start in London's Old East Village (OEV) at **Anderson Craft Ales**. Focused on small-batch, handcrafted premium hop-based ales, you can visit their taproom or take cans, kegs and growlers to go. A must-try is their cream ale, voted best in the world (you read that right, the WORLD), at the 2024 World Beer Awards.

While in the neighbourhood, stop by **London Brewing**. Known as one of only two certified organic craft breweries in Ontario, and the first Craft Malt Certified brewery in Canada, they seek to create great beer and have a positive impact on the community.

During your time in OEV, make sure to stop by **100 Kellogg Lane**. There you'll find **Powerhouse Brewing Company** and the brand-new **Beer Kitchen**. Brewing five core brands as well as local collaborations and seasonal brews, there's always something new to try or take home at Powerhouse. MAKING MEMORIES: MURALS YOU DON'T WANT TO MISS

You know you've had a great trip when you can't stop looking back at the photos taken and reminiscing about memories made. You feel compelled to share everything on social media and tell everyone about it.

WHAT BETTER WAY TO REMEMBER YOUR time in the Forest City than by capturing some beautiful shots of breathtaking murals! Here are some colourful suggestions across London that might just have your friends and followers double tap on your experience.

Located on the side of the **Grand Theatre**, Ola Volo's **Queen and the Dove** is a striking 18x16 meter mural that tells a story of empowerment, nature and new beginnings. The Queen, representing Mother Nature, and the Dove, symbolizing confidence and strength, inspire viewers to embrace their identity with pride.

Capturing an iconic moment in London's music history, **Johnny & June** is a breathtaking three-story mural located on the north side of **Canada Life Place**. On February 22, 1968, Johnny Cash proposed to June Carter at the London Gardens, creating a timeless link to London, Ontario. Renowned artist Kevin Ledo brings his signature splash of colour to the "Man in Black," immortalizing a larger-than-life moment into something equally unforgettable.

If your feed focuses on the bright, the vibrant and the outdoors, you won't want to miss a stop at the **Market Lane Murals** in the downtown core. Painted as a part of the theme "Forest City Playground," Market Lane is home to four stunning works of art by three talented artists all incorporating the theme in their own, distinct way.

Also a part of the "Forest City Playground" theme, **Hamilton Road's Neighbourhood Laundromat Café Mural** showcases an art piece as bold and lively as the neighbourhood it's in. The message of "Explore the Forest" motivates people to explore new and different areas of London. While you're there, check out the interactive angel wings on the opposing side of the building and grab a snack from inside the café to perfect your post.

London's Old East Village (OEV) is home to some of the city's most stunning murals. The **OEV Main Street Mural Program** features five unique displays made by five teams of artists, each with their own distinctive style.

UNESCO City of Music mural

As a UNESCO City of Music, London has a special musical heartbeat that can be found all throughout the city. **The UNESCO City of Music murals** serve as colourful greetings to those arriving or departing the London VIA Rail station, the London International Airport and RBC Place London. Whether you're travelling, attending an exciting gathering or simply passing by, capture a moment with these murals and showcase London's musical identity in your next IG story!

Clayworx: Ceramics Arts Learning Centre has also done their part in beautifying OEV by facilitating gorgeous mosaics. Made up of three large panels, **Hope, Love and Belonging** uses 12,000 handmade tiles to depict the Thames River and blossoming Ontario wildflowers. Other displays like the **Gateway Mosaics, Wayfinding Mosaics** and **Canada 150 Mosaic** similarly bring together thousands of meticulously crafted tiles into cohesive and intricate designs that transform Dundas Street into an outdoor gallery that's worthy of a post on your social channels.

New standout exhibits include *Stream*, a 21-metre-long water table inspired by the Thames River, where kids can learn about water flow and human impact on nature. *Farm Works* highlights London's agricultural history, letting children engage with pulleys, gears and chutes to discover how food goes from farm to market.

In *Unearthed*, young explorers can dig up dinosaur bones and minerals, then investigate and research their finds in the field lab, perfect for hands-on learning and discovery.

The London Children's Museum is as much a visual journey as it is a space for play. Indigenous artists Hawlii Pichette and Mike Cywink bring their unique stories to life through stunning murals – Hawlii's enchanting forest scenes fill the 'Branching Out' treehouse village with wonder, while Mike's mural weaves powerful narratives of healing, community and culture. Discover more work from these artists on page 5.
